<input type="checkbox"/> Other	

The applicant must provide here, or as an attachment to this permit application, a complete description including detailed dimensions of any proposed use or encroachment.

PART C – TERMS AND CONDITIONS

- In most cases, the acquisition of local, state and federal regulatory approval and/or permits will be required before PPL will issue its Nonstandard Shoreline Use Permit. More details pertaining to this additional permitting requirement, if applicable, will be provided in Part II of the Nonstandard Shoreline Use Permitting process.
- A Nonstandard Shoreline Use Permit, once issued, does not grant permission for removal of trees or other work that might be needed in order for earthmoving equipment to access the work site. Permission for tree removal work or any other work that must be done in order to get equipment to the work site must be acquired separately. There is no guarantee that PPL will allow for the removal of trees in order for you to be able to bring in earthmoving equipment to perform this work. PPL requires that, whenever possible, the front-lot owner utilize an area where trees do not need to be removed to access the work site.
- If you will need to cut trees or other vegetation in order to access the site, you must submit a separate written request for a PPL Vegetation Removal Permit. A request for vegetation removal or any vegetation issues on PPL property would be directed to our contract forester, Paul N. Kowalczyk, PPL Lake Office, P O Box 122, Hawley, PA 18428. You can contact him by emailing pnkowalczyk@pplweb.com or calling 570-253-7004.
- A PPL Nonstandard Shoreline Use Permit, once issued, does not grant permission for access across another owners’ property. If you or your contractor will need to cross someone else’s property in order to access the area of PPL property where the proposed non-standard work is to be done, please note that it is your responsibility to acquire permission from that owner.
- A non-refundable application fee of \$300 will be charged whether the application is granted or denied. Note that the PPL Lake Wallenpaupack Office cannot accept payments of any kind. Invoices will be sent from PPL’s Lehigh Valley office and payment must be submitted to the Lehigh Valley Office. Payments must be submitted along with the voucher portion of the invoice. The invoice number should be listed in the memo section of the check. PPL does not accept electronic payments for any Lake Wallenpaupack fees.

PART D– AUTHORIZED SIGNATURE

The undersigned hereby certifies that he/she is the legal owner of the front-lot property; that he/she has read, understands and accepts all of PPL’s Permit Terms and Conditions that are a part of this application, the Public Lake Use and Shoreline Use Permitting Policy; and that the information provided in this application is true, complete and accurate to the best of his/her knowledge.

All owners of a front-lot property must sign the Permit Application thereby confirming their agreement to abide by the Public Lake Use and Shoreline Use Permitting Policy, including these Terms and Conditions and any permit issued under same.
