

# PPL Corporation | Environmental Policy Statement

***PPL conducts its business in an environmentally responsible manner.***

## **Personal Responsibility**

Living up to our environmental policy is every employee's responsibility.

## **Compliance**

We strive to meet or exceed all applicable environmental laws, regulations, and the voluntary standards we have adopted. We move promptly to address environmental compliance issues whenever they are identified.

## **Continual Improvement**

We monitor and assess our environmental performance and risks to set measurable targets that result in continual improvement.

## **Innovation**

We support leading research and invest in innovation to advance sustainable resource management and reduce our environmental impact.

## **Stewardship**

We promote conservation of natural resources, protection of biodiversity, pollution reduction and protection of the environment. We expect suppliers and contractors acting on our behalf to operate consistent with our environmental policy.

## **Resource Commitment**

We provide the human and financial resources necessary to carry out our environmental policy.

## **Engagement**

We openly communicate our environmental commitments, actions, performance and policy, and listen to the concerns of our stakeholders. We provide environmental education opportunities to our employees, customers and public. We engage with regulators, customers, employees and the community to assess potential impacts of development activity, environmental initiatives and actions stemming from the company's business activities.
