

PPL Corporation | Environmental Policy Statement

PPL conducts its business in an environmentally responsible manner.

Personal Responsibility

Living up to our environmental policy is every employee's responsibility.

Compliance

We strive to meet or exceed all applicable environmental laws, regulations, in addition to the voluntary standards we have adopted. We move promptly to address environmental compliance issues whenever they are identified.

Continual Improvement

We monitor and assess our environmental performance and risks to set measurable targets that result in continual improvement.

Innovation

We support leading research and invest in innovation to advance sustainable resource management and reduce our environmental impact.

Stewardship

We promote conservation of natural resources, protection of biodiversity, and reduction of pollution and waste. We expect suppliers and contractors acting on our behalf to operate consistent with our environmental policy.

Resource Commitment

We provide the human and financial resources necessary to carry out our environmental policy.

Engagement

We openly communicate our environmental commitments, actions, performance and policy, and listen to the concerns of our stakeholders. We provide environmental education opportunities to our employees, customers and public. We engage with regulators, customers, employees and the community to assess potential impacts of development activity, environmental initiatives and actions stemming from the company's business activities.
